

Department of Electrical and Electronics Engineering
Research Activities

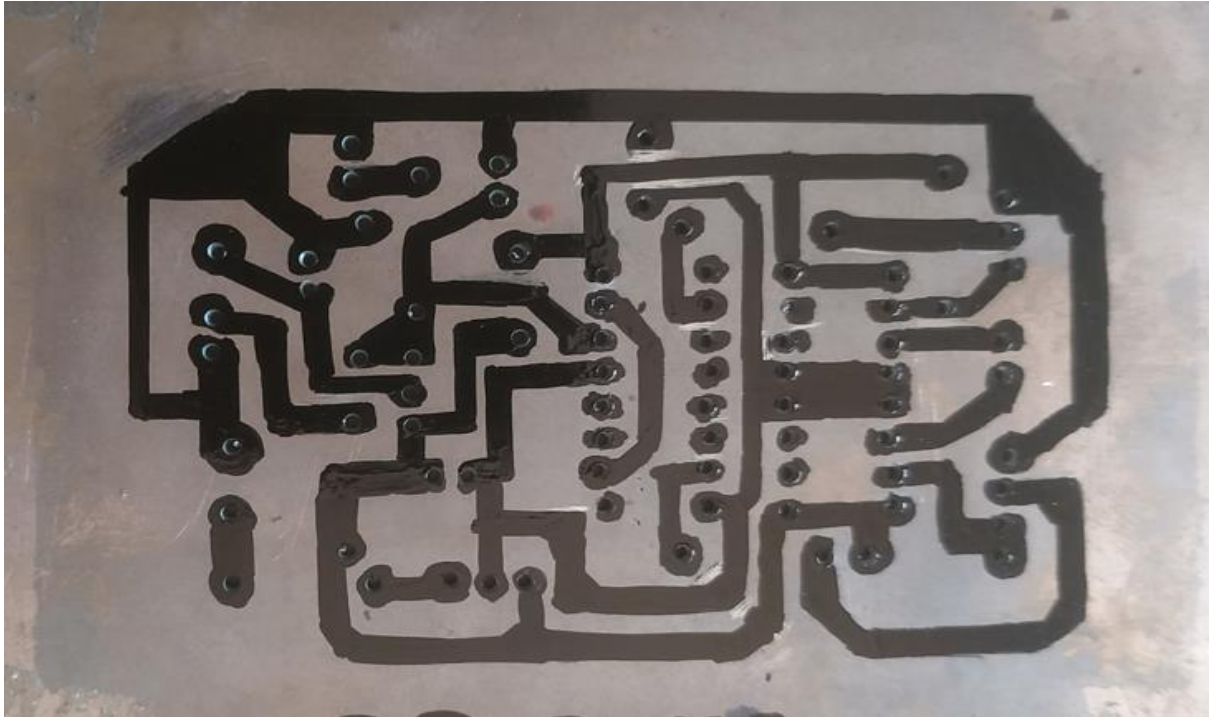

- The Department encourages faculty members to involve in research activities.
- Create the opportunity for students to perform their final year projects
- Mini projects with equipment and software provided in the lab.

**STEP BY STEP PROCEDURE FOR
PCB DESIGN**

COPPER CLAD LAMINATION BOARD

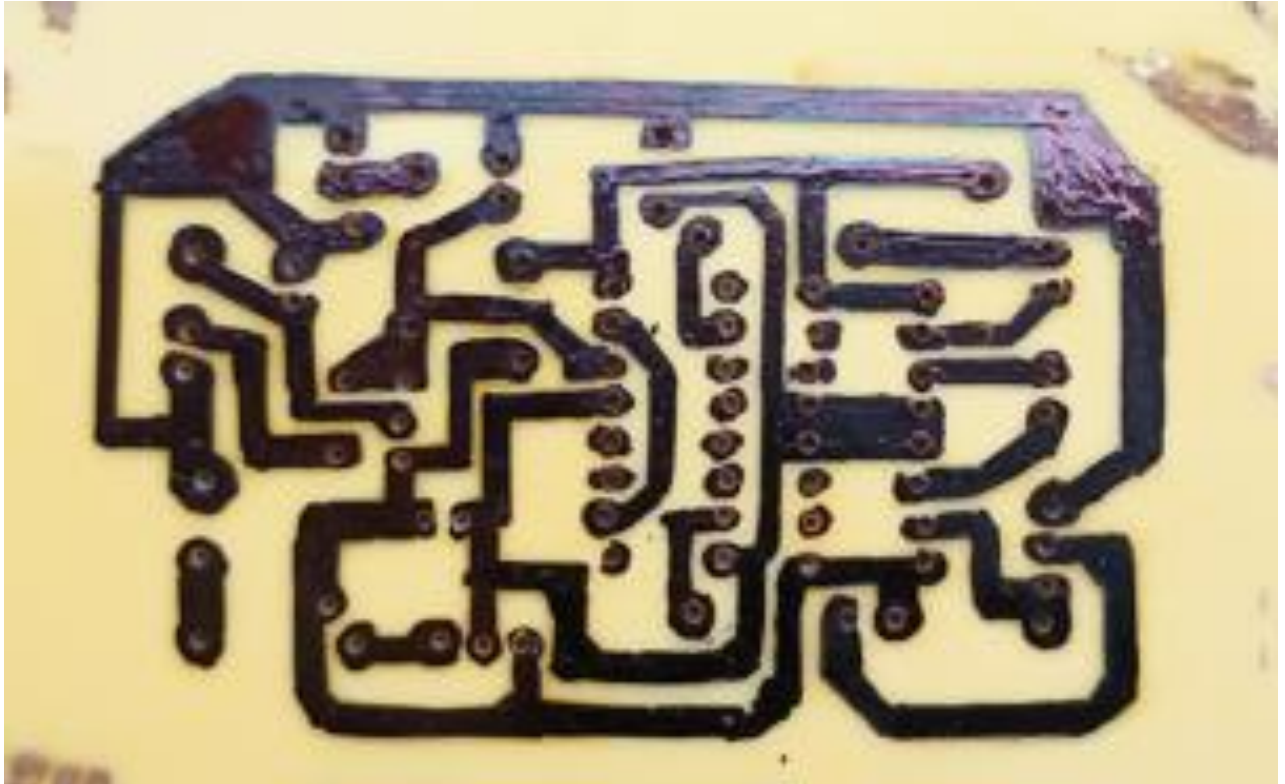

LAMINATION BOARD WITH CIRCUIT LAYOUT

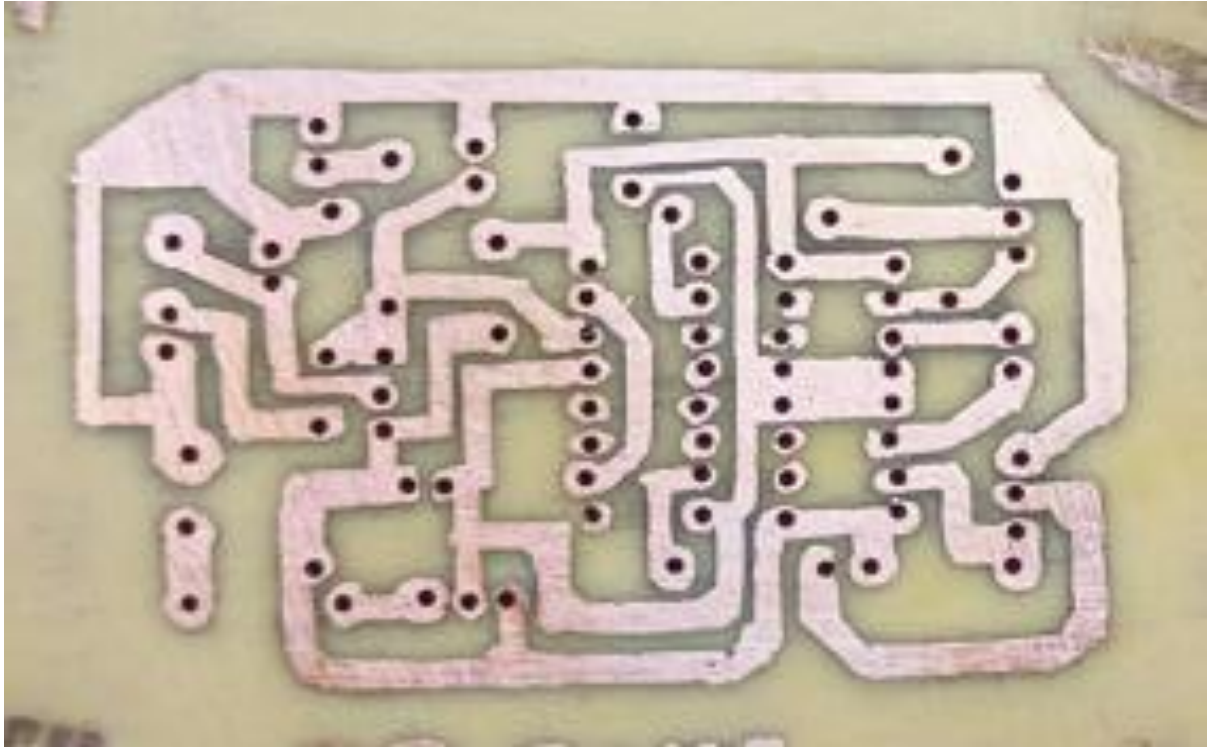

LAMINATION BOARD WITH CIRCUIT LAYOUT

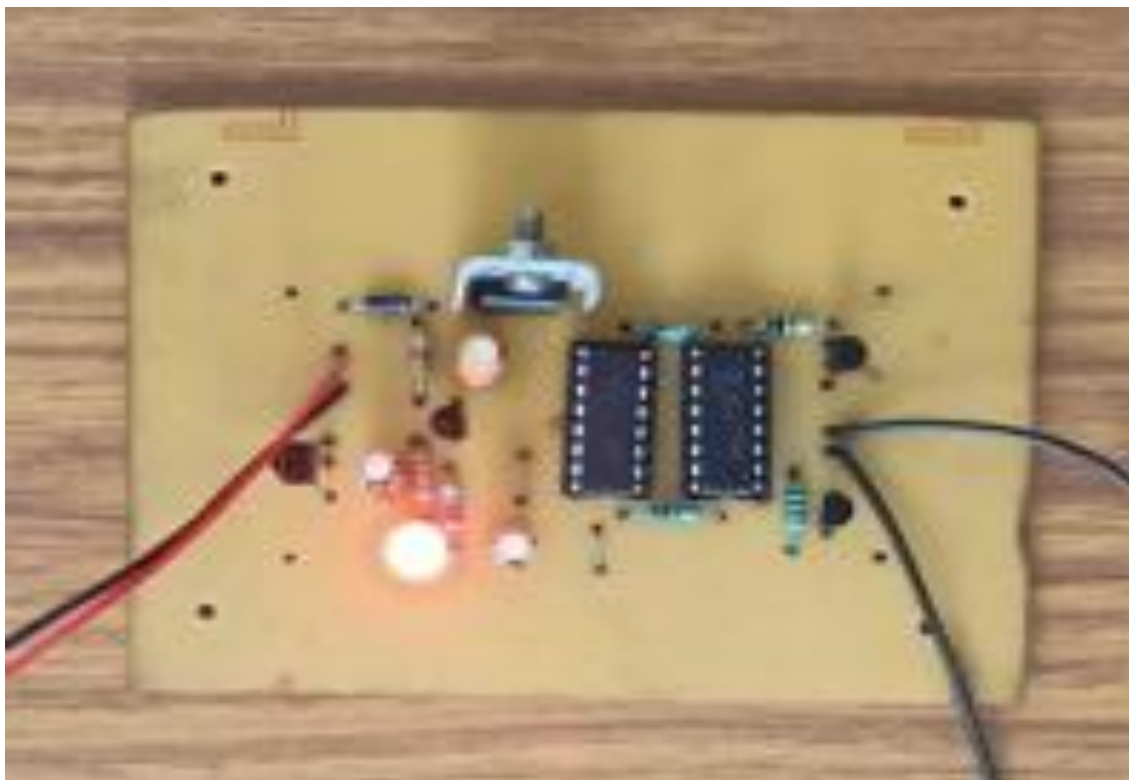

PCB AFTER ETCHING PROCESS

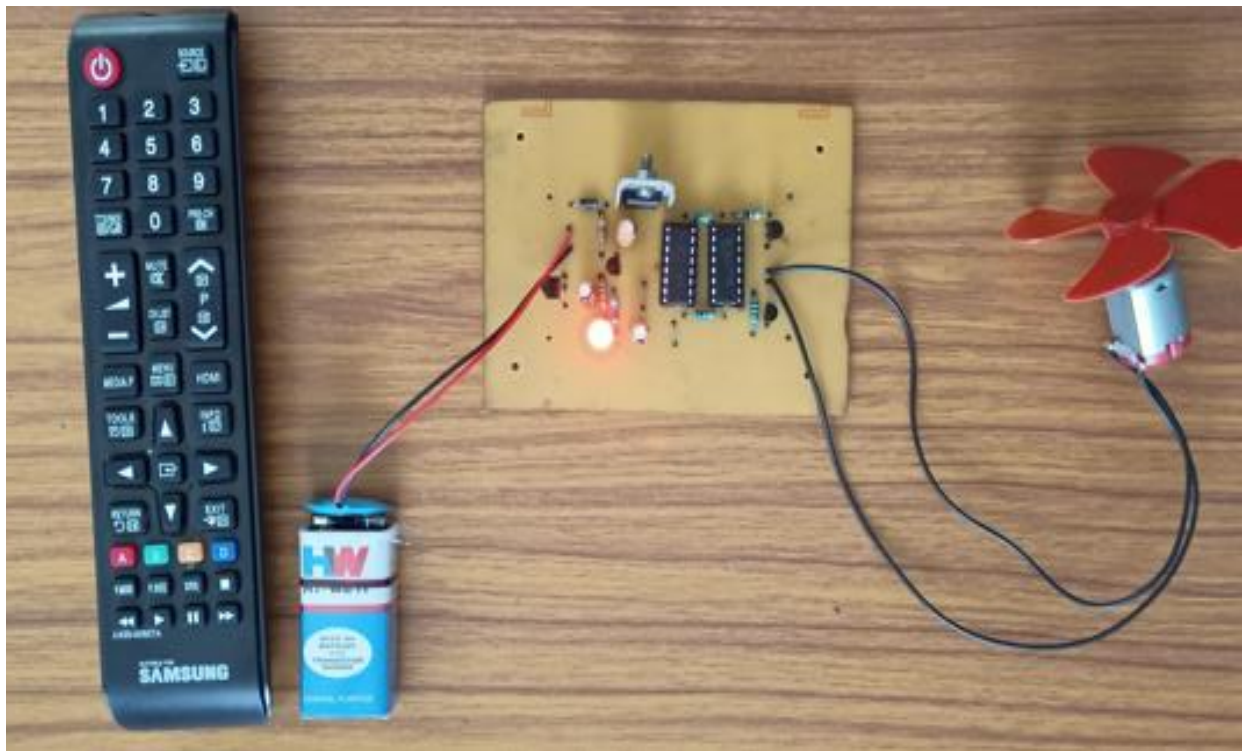

PRINTED CIRCUIT BOARD AFTER ETCHING PROCESS

DESIGNED PROJECT CIRCUIT AFTER COMPONENTS ASSEMBLED

DESIGNED PROJECT CIRCUIT UNDER WORKING CONDITION

Making of Printed Circuit Boards (PCBs)
